## Company Cars - Advisory Fuel Rates for Company Cars

It has come to our attention that a number of clients are not aware that from 1 February 2007, the Revenue changed the advisory rates for company cars.

If you provide an employee with a company car that is available for their private use and you have been granted a dispensation by the Revenue to use advisory fuel rates to either:-

- Reimburse the employee for business travel in their company car, or
- You require the employee to repay the cost of fuel used for private travel, the rates to be applied from 1 February 2007 are as follows:-

ENGINE SIZE	PETROL	DIESEL	LPG	1400cc or less	9p	9p	6p	1401cc to 2000cc	11p	9p	7p	Over 2000cc	16p	12p	10p
